To whom it may concern,

The Building Research Establishment Ltd is a large charitable organisation based in Watford, Hertfordshire.

We employ 675 staff across several sites in the UK and Overseas, our primary location is the Campus in Watford with approximately 500 staff and almost 500 Partners (tenants).

BRE are proud to be part of The Green Triangle. This is a partnership which has been formed through a collaboration of BRE, Rothamsted Research, The University of Hertfordshire, St Albans City and District Council and Oaklands College.

Through alliance and a strong Corporate Social Responsibility ethos, BRE look to procure as much business as possible with local companies. We regularly invite small and medium sized companies to tender for the provision of goods and services to our Campus and Partners.

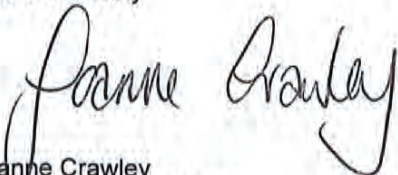

JPA Furniture are one such company which we have formed a strategic alliance with and continue to partner with them in supplying many of our furniture requirements. This could be from a one-off desk to a complete refurbishment of our conference facilities.

Time and again they exceed our expectations by providing an exceptional customer experience, no matter the size or time restraints for our projects.

JPA Furniture are our preferred supplier for the procurement of new, recycled and end of life furniture solutions.

Should you wish to discuss their service in more detail I am more than happy for you to contact me, my details are below.

Yours sincerely

Joanne Crawley
Property Asset Manager

Testimonials

I was very pleased with Richard's & Martin's work on Friday they did an excellent job with a lovely friendly positive attitude. I would be keen to have them on my future projects if that can be arranged?

Tessa Godson, London Borough of Waltham Forest

Enfield Council undertook a full refurbishment of seven floors of the Civic Centre Tower Block over a three year period. JPA arranged, delivered & managed the installation of all office furniture during the project, on time and on the budget of £850k. Good job well done.

Stuart Simper, Head of FM, Enfield Council

Please could you pass on my many many thanks to your team who carried out a very exhausting task here today at Magdalen I could not have got through the day without them ! Their commitment, loyalty, patience and work ethic is truly outstanding and I am so very grateful to them for all that they did (plenty of sweating but thankfully no tears J). In fact all of the team (you are included J) are absolutely FAB and never ever let me or the JPA name down.

Linda Norton, Steward, Magdalen College.

'Newly refurbished Lavington Street has become the home of Kings IT and Estates. It is deemed by all as a huge success in terms of functionality, décor and furniture. I had the privilege of working closely with JPA on this project, led by Matt Janes. I cannot emphasise enough how vital a part they played in the smooth and punctual delivery of this project. A highly effective collaboration between existing and new furniture, has resulted in a streamlined, modern ambience. A really terrific job!'

Marina Stephanides, Space Planner, Directorate of Estates & Facilities, King's College London
